FOR IMMEDIATE RELEASE

***Greenheart Presents at
China Softwood Log & Lumber Import
International Conference in Tianjin***

Tianjin, September 16, 2011 – Greenheart Group Limited (“Greenheart” or “the Company”) (HKSE: 0094), a forestry investment company with sustainable forestry assets in Suriname, South America and New Zealand presented at the China Softwood Log & Lumber Import International Conference in Tianjin. This is the first time that a softwood conference has been organized in China and the reasons are very clear: China’s rising imports and domestic consumption, and surging demand of logs and lumber for infrastructure constructions. As a large New Zealand radiata pine log exporter to China, Greenheart took this opportunity to present at the conference’s panel discussion to various softwood importers and exporters, softwood furniture makers and State Forest Administration officials.
